

The Quality Policy of:

Northumbria Optical Coatings Limited

Northumbria Optical Coatings Limited specialises in design, manufacture and supply of Infrared (Range 1 – 20µm) Optical Interference Filters, Coatings and Electro Optics.

We have a well-established national and international customer base and as a major manufacturer, (not simply a stockist) we offer very competitive service for standard and non-standard filters.

In order to achieve this we are committed to a continuous improvement culture throughout the organisation based on stated company objectives and the BS EN ISO 9001 standard.

We aim to fully understand (and wherever possible exceed) the stated requirements of our clients, colleagues and other Interested Parties, as well as recognise the importance of:

- a) Safety
- b) Training
- c) Customer Relations

We view Quality as an essential company framework to gain competitive advantage, as well as reinforcing and enhancing the company's reputation and image.
